Voters of Alabama Help Us Defeat "Tax Raise"

Amendments Next Tuesday!

Ten Constitutional Amendments-nine of which raise taxes or bonded debt-will be voted on next Tuesday-December 13th. Alabama doesn't need them! Present tax rates, when fairly and uniformly enforced, will yield sufficient revenue. What Alabama needs is not more taxes, but efficient collection and distribution of what is already authorized! Tax reform does not consist of raising tax rates, but of spending public funds to better purpose. The undersigned ask you to join with citizens of these communities in defeating the "tax raise" amendments which will load another burden on the already weary shoulders of Ala-

Enemies Of Public Education Circuit Court of Coffee County, Alabama, In Equity, at Elba, Traduce Alabama Schools vs C. A. Allen, et als, Defendants.

Judge Hugh A. Locke Warns Voters Not To Be Misled By Paid Hirelings Opposing School Building Amendment

The enemies of education have not only criticized and misepresented the bond amendment for schools, but have maligned he entire educational system of the State. They have maliciously accused the State Board of Education

attempting to build an iniquitous political machine. They have said that the County and City Boards of Educaon are unfit to spend the \$200,000.00 coming to their Counties. An examination of the names of the distinguished Alabamians composing the school boards, who give their services for the common good, labels such utterances as

maliciously false political buncombe. They have made unsupported charges of political coersion and even corruption against the Superintendent of Euucation, his Assistants and Co-workers, although knowing them to he men of culture, refinement, ability and integrity.

In their frenzy, they have dug deep into political filth, and nurled it at innocent school children labelling them as "jerry. beans, bobbed-haired-naked-legged flappers, ball-cranks, aristocratic-Christian hybrids, whose political leanings are bolshevistic, with all its disrespect for honestly acquired property and inclina-

They have attacked the Parent-Teacher Associations that have been doing the best they could to beautify the often dilapidated structures in which school children are compelled to spend their days or be deprived of an education.

While professing to be for the cause of education, they have denounced everybody connoted with the System. These denunciations are often signed or spoken by unknown persons, but bear the stamp of a common origin using the same language as the campaign matter sent out in immense volume at enormous cost by the Alabama Tax Payer's Defense League, the anonymous breast works behind which education's enemies and snipers lie.

Remember the cotton champions of '25 and '26. Was it just chance that the best results always came where Nitrate of Soda was used? It was Soda, not luck, that gave these outstanding results.

Cotton High—Soda Low! There is no substitute for Nitrate of Soda. It is the nitrogen that meets every cotton requirement. It absolutely beats the weevil. It has no acid effect on your soil ... won't burn your hands or clothes. Last season many cotton growers waited too long to buy their Soda and were forced to go without. This year, with cotton high and Nitrate of Soda lower than it has been for

years, wise farmers are ordering their Soda now to make sure.

There is plenty of Nitrate of Soda to be had at favorable prices...but we urge you to make the most of your present advantage by placing your order immediately. "I have been using Nitrate of Soda for seven years and know that if properly applied it will double
